EXECUTIVE SUMMARY

A highly motivated and adaptable graduate with a strong foundation in Mechanical Engineering and technical problem-solving. Skilled in utilizing advanced design tools like CAD and CREO to streamline processes and deliver high-quality results. Seeking a challenging role where I can apply my technical expertise, leadership abilities, and commitment to excellence to contribute to organizational success.

TECHNICAL SKILLS

Design & Analysis: CAD, CREO, ANSYS, NX CAD
Manufacturing: 3D Printing
Productivity: MS Office Suite (Word, Excel, PowerPoint), Adaptability

PROFESSIONAL EXPERIENCE

Implant Trainee Jul 2023
LUCAS TVS Pvt, LTD, Pondicherry

- Gained detailed exposure to high-volume automotive component manufacturing and quality assurance protocols.
- Developed deep insights into **automated assembly lines** and lean manufacturing techniques, improving baseline process knowledge.

Implant Trainee Aug 2022
NLC Tamil Nadu Power Ltd, Thoothukudi

- Analyzed operational workflows and maintenance cycles of thermal power plant infrastructures and steam turbines.
- Collaborated with senior engineers on maintenance auditing, ensuring **optimal system uptime** during the training period.

ACADEMIC PROJECTS

Design and Fabrication of Fins for Improving Heat Transfer Rate using PCM Mini Project

- Engineered specialized cooling fins using Phase Change Materials (PCM) to enhance latent heat storage and dissipation.
- Achieved a **quantifiable increase in thermal efficiency** compared to standard conductive fins through experimental validation.

Performance and Analysis of Thin-Walled Structures Major Project

- Conducted comprehensive stress and buckling analysis on various thin-walled geometric configurations.
- Provided **data-driven recommendations for structural optimization** in aerospace and automotive applications.

EDUCATION

B.E. Mechanical Engineering 2020 – 2024
University VOC College of Engineering, Thoothukudi
Academic Performance: **78%**

Higher Secondary Certificate (HSC) 2018 – 2020
Good Shepherd Model School, Thoothukudi
Score: 68%

Secondary School Leaving Certificate (SSLC) 2017 – 2018
Good Shepherd Model School, Thoothukudi
Score: 72%

CERTIFICATIONS & HIGHLIGHTS

- Robotics Simulation for Manufacturing** – Naan Mudhalvan & SkillSonics
- 3D Printing using NX CAD** – Naan Mudhalvan & TANSAM
- EV Design for Automobile** – Naan Mudhalvan & Skilllync
- Employability Skills Training** – TITAN LeAP & Naandi Foundation
- Team Lead (Design)** – PEMETRIX Symposium 2023
- Social Service** – Active NSS Volunteer (2020–2022)
- Languages:** English, Tamil, Hindi (Basic)
